BLU MIN™

COMPOSITION

Proprietary blend of Chelated Minerals, Calcium (Ca), Magnesium (Mg), Sodium (Na), Potassium (K), Phosphorous (P), Chlorine (C), Sulphur (S), Iron (Fe), Zinc (Zn), Manganese (Mn), Copper (Cu), Iodine (I), Cobalt (Co), Nickel (Ni), Fluorine (F), Vanadium (V), Chromium (Cr), Molybdenum (Mo), Selenium (Se), Tin (Sn), Silicon (Si) in a suitable preparation.

WATER PROBIOTICS

B. Subtilis, B. licheniformis, B. polymyxa, B. megaterium, B. pumilis, Thiobacillus denitrificans, Aspergillus Oryzae, Aspergillus niger, Pediococcus etc.

BENEFITS:

Blumin provides essential macro & micro minerals in the chelated form. Increasing the Chelated minerals in the ponds helps the shrimps to grow faster and healthier.

Reduces the presence of *Vibrio* Species that causes White Gut.

Controls the Bacterial loads due to low temperature.

Helps to increase the production of live food organism & Plankton naturally.

Balances the osmotic pressure, catalysts enzymes activity.

Dosage : 10 Kg Per Acre

Presentation : 10 Kg

BLU MAGIC™

COMPOSITION:

Phosphorous:	18%	Aluminium:	1500mg
Iron:	6000mg	Calcium:	23%
Magnesium:	8750mg	DL-Methionine:	3000mg
Potassium:	200mg	L-Lysine:	6200mg
Sodium:	5.9mg		
Zinc:	14250mg		
Sulphur	0.75%		
Cobalt:	160mg		
Copper:	1300mg		
Iodine:	350mg		
Manganese:	1850mg		
Chloride:	15mg		

PROBIOTICS

B. Subtilis, B. licheniformis, B. polymyxa, B. megaterium, B. pumilis, Thiobacillus denitrificans, Aspergillus Oryzae, Aspergillus niger, Pediococcus.

Dosage : 10 Kg Per Acre

Presentation : 20 Kg

BENEFITS :

BLU MAGIC enhances the growth of plankton in the pond.

Increasing the chelated minerals in the ponds helps the shrimps to grow faster and healthier.

Helps to increase the survival rate & helps to prevent White Muscle,

Muscle cramp, loose shell & soft shell in the shrimps. Chelated minerals accelerates the formation of shell after the moulting.

BLU Oxy - TabTM

COMPOSITION :

Oxygen releasing compounds of Monohydrate Sodium salts

Oxygen Precursors, Sodium per carbonate , Calcium gluconants

Dosage : 500grams per Acre

Presentation : 1, 5 & 10 Kg

BENEFITS :

BLU Oxy -Tab releases required oxygen steadily into the pond.

Reaches bottom of the pond there by providing oxygen uniformly.

It helps in restoring oxygen levels at the bottom of the pond.

Reduces toxic Nitrite and Hydrogen sulphide levels. Relieves shrimp stress immediately.

Continuously synthesizes Oxygen up to 4 to 10 hours.

MAGNESIUM CHLORIDE

CALCIUM CHLORIDE

POTASSIUM CHLORIDE

BENEFITS OF CHLORIDES :

1. In ponds, Chlorides functions to minimize the rise in pH that can occur during photosynthesis.
2. Calcium ions react to elevated pH to precipitate carbonate ions as calcium carbonate and this reaction minimizes the amount of carbonate in the water to hydrolyse and increase pH.
3. Calcium and Magnesium ions tends to neutralize the negative charges on suspended clay particles allowing them to floc together and create a mass, great enough to precipitate. Calcium sulphate often is applied to ponds to clear turbidity from the water.
4. Calcium ions affect the toxicity of trace metals to prawn and other aqua culture species. The presence of calcium blocks the uptake of metal ions across the gills, thereby increasing the dissolved concentration of metals required to cause a toxic effect.

ORIGINAL LR GRADE CHLORIDES

BLU FRESH™

COMPOSITION :

**Sodium Perborate &
Sodium Percarbonate.**

Dosage : 5-10 Kg Per Acre

Presentation : 10 Kg

BENEFITS:

BLU FRESH increases Oxygen levels & alkalinity in aqua culture ponds.

The contents of the BLU FRESH efficiently remove the hardness and toxic substances from water and makes it very soft and also creates healthy, toxic free environment for the growth of the shrimp.

It is very effective in all types of water such as fresh water, saline water, canal water, creek water, bore water, sea water etc....

POTASH MAG COMBI™

COMPOSITION:

**Potassium and magnesium chlorides fortified with
essential macro and micro minerals.**

Dosage : 10 Kg Per Acre

Presentation : 10 Kg

BENEFITS:

Enhances the maximum utilization of the micro nutrients by the shrimps.

Increases the availability of Potassium (K+), Magnesium (Mg2+) and other micro nutrients in the cultured ponds.

Prevents the loose shell and soft shell formation in the shrimps and improves their regular moulting cycles.

ZEO STARTM

Neem extract contains alkaloid Known as Nimbin which acts against Viral, Bacterial, Fungal, and Protozoan agents.

COMPOSITION

Zeolite	:	60%
Neem Extract	:	30%
Plankton Promoter	:	10%
Probiotics	:	QS

Dosage : 10-20 Kg Per Acre

Presentation : 20 Kg

BENEFITS :

Purifies the pond water, regulates water & soil pH.

Improves plankton growth, absorbs toxic gases like Ammonia, Hydrogen Sulphide, Methane etc.

BLU SOFTTM

COMPOSITION :

Ethylene Diamine Tetra Acetic Acid (EDTA), Concentrated Aluminium Dehydrated Silicates, Stabilizers of Ammonia, Iron & Aluminium, Toxin Binders & Ammonia reducing agents.

Dosage : 1 - 2 Kg Per Acre

Presentation : 1Kg, 5 Kg & 10Kg

BENEFITS :

Softens the water in the aqua culture pond by normalizing the alkalinity and hardness.

Avoids algal crash and maintains a stable bloom in the pond water.

Prevents and controls pollution caused by unionized Ammonia, Iron, Hydrogen Sulphide, Methane and Sulphur Di Oxide.

Effectively works in fresh water, Creek & Sea based aqua culture systems.

AGRI ZINC™

COMPOSITION:

Chelated Zinc -33%w/w,
Magnesium, Boron, Cobalt, Copper
Selenium, Manganese, Ferrous etc.

BENEFITS :

Agri Zinc Prevents White gut and Cramps & improves disease resistance.

Increases growth and body weight & Maintains stable health, develops better shell and strengthens the muscle.

Dosage : 1 Kg Per Acre

Presentation : 10 Kg

COMPOSITION:

Extract of herbs fortified with Mannan Oligo Saccharides (MOS),
Beta Glucan and Choline Chloride.

Dosage : 20ml Per Kg feed

Presentation : 1 & 5 Ltr

BENEFITS:

Helps renew the interest of poor eaters. Enhances appetite and induces moulting in shrimps.

Prevents the bacterial and fungal infections & Activates the immune system.

ECO SOIL™

COMPOSITION :

High Concentrated Chelated Minerals & Nutrients.

SN (Enriched Sodium Nitrate), SNS (TSP & Sodium Silicate), Potassium, Magnesium, Boron, Cobalt, Chromium, Copper, Manganese, Zinc. Anions (Bicarbonates, Carbonates, Chlorides, Sulphate) Cations (Calcium, Magnesium, Potassium, Sodium)

BENEFITS :

It helps to enhance the concentration of Zinc, Magnesium, while the preparation of the pond.

It provides all the micro & macro nutrients along with Nitrogen - Phosphorous to make the pond bottom for supporting the protein rich algal growth.

It makes the soil perfect for the growth of the phytoplankton.

Suppresses the growth of the undesirable algae and bacteria.

Creates a conducive soil environment for natural benthos and candidate species, paving ways for increasing capacity and productivity.

Dosage : 10 Kg Per Acre

Presentaion : 20 Kg

GREEN WAVE™

COMPOSITION :

Organic and Inorganic, Micro & Macro Minerals with High performance plankton promoters, Phosphorous, Magnesium, Manganese, Boron, Zinc, Aluminium etc.

BENEFITS :

Green Wave contains Minerals and Amino Acids which stimulates the synthesis of diatoms and green algae.

Inhibit the growth of blue green algae, filamentous algae and red algae.

Enhances the phyto planktons to utilize the maximum nutrients.

Dosage : 5 - 10 Kg Per Acre

Presentaion : 20 Kg

YUCCA MAX™

COMPOSITION :

Yucca Schidigera, Alovira, Bacillus Lincheniformis, Bacillus Polymyxa, Bacillus Subtilis, Nitrosomonas, Nitrobactor, Pseudomonas, Denitrificans Digestive Enzymes.

Dosage : 500 grams Per Acre

Presentation : 500 Grams

BENEFITS :

Improves water quality by minimizing the production of pollutants in the pond.

Converts toxic nitrogenous wastes for development of planktons.

Reduces harmful bacteria in the ponds by creating non toxic pathogen free environment.

Binds Ammonia, Hydrogen Sulphide, Sulphur Dioxide and other toxic gases in the pond bottom.

HERBA - LIV™

COMPOSITION:

Calcium : 200 mg, Phosphorous : 36 mg, Vitamin D3 : 100 IU,

Vitamin C (Coated) : 200 mg, Animal Proteins : 300 mg,

Vitamin - A : 100 mg, Vitamin - E : 200 mg, Vitamin - D3: 500 IU,

Protein Hydrosylate : 500 mg, Betane Hydrochloride : 500 mg,

Liver Extract: 125 mg, Yeast Extract: 40 mg,

Choline choride : 100 mg

BENEFITS:

Having attractive taste, flavor so that the coated feed can be consumed quickly.

HERBA- LIV gel - is a concentrated protein based gel form feed supplement along with feed attractant (betaine).

HERBA- LIV gel binds all powder formulation without reducing their potency.

Dosage : 10 - 15ml Per Kg feed

Presentation : 5 Ltr

POND SMILE™

COMPOSITION :

<i>B. subtilis</i>	<i>Thiobacillus denitricans,</i>
<i>B. licheniformis,</i>	<i>Aspergillus oryzae,</i>
<i>B. polymyxa,</i>	<i>Aspergillus niger,</i>
<i>B. megaterium,</i>	<i>Pseudomonas denitricans,</i>
<i>B. pumilis,</i>	<i>Bacillus coagulans.</i>

BENEFITS :

Prevents the formation of toxic gases like Ammonia, Hydrogen sulphide, Sulphur Di Oxide, etc.

Improves water quality with good plankton and beneficial bacteria.

Dosage : 500 grams Per Acre

Presentation : 500 Grams

MUSCLE BUILDER™

COMPOSITION :

Blend of Lecithin, Cholesterol, Aminoacids, Vitamin C, Minerals, 1,3 B β taglucans, Liver Stimulant.

Dosage : 10 - 15ml Per Kg feed

Presentation : 5 Ltr

BENEFITS :

Provides optimum health and growth & Builds up better body defense mechanism.

Increases feed intake, body weights & Helps for better digestion.

Increase FCR & body weights & Maintains good health.

TRUST ME™

COMPOSITION :

Probiotics like Lactobacillus sporogenes, Lactobacillus acidophilus, Bacillus subtilis, Bacillus licheniformis, Saccharomyces cerevisiae.

Vitamins Like Vitamin D3, Vitamin C, Vitamin B1, Vitamin B6, Niacin, Folic Acid, Cal-D-Pantithenate, Antioxidants.

Enzymes Like Amylase, Cellulase, Protease, Lipase, Phytase, Beta-galactosidase.

Amino Acids like L- Lysine, DL-Methionine and extracts of Seaweed and Mannan Oligo Saccharides.

BENEFITS :

Trust Me contains a type of bacteria for a short period of time for digesting organic wastes.

It delivers directly to pond bottom where organic material are accumulated where the shrimps are most active.

Dosage : 5 - 10 grams Per Kg feed

Presentation : 500 Grams

BLU GUTACID™

COMPOSITION :

Organic Acids, Antioxidants, Organic Selenium

Mannon Oligo Sacchardes, Alivum Sativum

Dosage : 5- 10 grams per kg feed

Presentation : 500 Grams

BENEFITS :

Improves feed hygiene by destroying microbial cells.

Stabilizes the gastrointestinal micro flora, Prevents vibriosis, white gut and white fecal diseases.

Prevents the sludge formation at the pond bottom and improves the growth of phytoplanktons and zooplanktons.

SPIRO GEL

COMPOSITION:

*Spirulina, Lactose, Vitamin- C, Antioxidants, Fatty Acids
Amino Acids, Selenium, Zinc etc.*

BENEFITS :

*Enhances health status and reduces the risk of disease outbreak.
Increases and strengthens Immune system during climate changes.
Improves the survival Rate.
Uniforms the shrimp growth.*

Dosage : 10 - 20 ml per Kg Feed/.

Presentation: 1 & 5 Ltr.

BLU PS™

COMPOSITION:

*Blend of different microbial strains of Rhodococcus sp.,
Rhodobacter sp., Cellulomonas sp., Aspergillus sp.,
Pseudomonas sp., and Bacillus sp.*

BENEFITS:

*Improves overall soil and water quality, it stabilizes pH, alkalinity, water colour and algal blooms.
Promotes the growth of non-pathogenic bacteria over pathogenic strain.
It prevents black soil formation and reduces ammonia and Nitrites in the soil*

Dosage : 2 - 3 Ltr Per Acre

Presentation : 5 & 15 Ltr.

pH BALANCER™

COMPOSITION

Citric Acid, Organic Acids & Probiotics

Dosage : 1 Kg per Acre

Presentation : 1 Kg

BENEFITS:

pH- Balancer helps in stabilizing water pH, Helps in controlling pH to minimize the toxicity of H_2S & NH_3 in the pond and shows visible result in 3-4 days.

SLUDGE FREE™

COMPOSITION :

*A Proprietary blend of Probiotics like
B.Subtilis, B.Polymyxa, B.Megaterium, B.Pumilus,
Pediococcus, Cellulomonas Sps., Aspergillus Sps. etc.*

BENEFITS :

It absorbs Ammonia, hydrogen sulphide and other toxic gases and suspends organic solids in the water.

Dosage : 5 - 10 Kg Per Acre

Presentation : 10 Kg

RETRO SALT™

COMPOSITION:

Potassium monoper Sulphate, Compound :50%w/w
Containing Triple salt, Potassium monosulphate,
Potassium Hydrogen Sulphate, Potassium Sulphate

BENEFITS:

Powerful against all viruses. Non-toxic and biodegradable.

Kills bacteria and fungi in less than 5 minutes, Reduces the risk of diseases by
White spot syndrome virus, loads of V.Harveji and other Vibrio spp. pathogens.

Dosage : 1Kg per Acre

Presentation : 1 Kg

MOULT EZEE™

COMPOSITION :

Chelated Minerals, Moulting inducers, Selenium,
Cobalt, Iodine, Enzymes etc.

BENEFITS :

Regulates moulting and promotes growth, improve survival rate.

Helps to reduce pending stunted and moulting mortalities &
quenches free radicals

Dosage : 5 - 10Kg Per Acre

Presentation : 10 Kg

RED & DROPSY™

COMPOSITION:

Pleflox 10% w/w

Doxycycline HCLP equivalent to Anhydrous Doxycycline - 10% w/w

Neomycin Sulphate IP equivalent to Anhydrous Neomycine - 10% w/w

Dosage : 10 Kg per acre

Presentation : 10 Kg

BENEFITS :

Controls bacterial infection associated with viral protozoal and fungal diseases.

Prevents Eye diseases, Columanaris , Tail rot and fin diseases etc.

Effectively works on Aeromonas Lique facians, Pseudomonas sps., E.Coli sps,

Flexibactor sps.

F.G.F.TM (FISH GROWTH FORMULA)

COMPOSITION:

Spirulina,

Spirogyra,

Astaxanthin

Liver Stimulants,

A-3 Zbeta Glucans

L-Lysine ,

DL-Methionine

Probiotics,

Enzymes etc.

Dosage : 10 Kg per tonne of feed

Presentation : 10 Kg

BENEFITS :

A sensational product with the mixture of proteins, enzymes, probiotics and minerals.

It enhances the fish to consume more feed so that it gains more flesh and weight

Improves the digestion and helps to gain more weight.

The proteins and enzymes will improve the immunity power and helps the respiratory and digestive system to work properly.

It gives fresh colour and activeness to the fish to grow faster.

GERMI KLILL™

COMPOSITION:

Glutaraldehyde - 15%,

Alkyl Benzyl Dimethyl Ammonium Chloride-80%,

(Quarternary Ammonium Compound)

BENEFITS :

Controls all types of Bacterial diseases in fish and prawns.

Effectively works on Necrosis, Black Gill, Tail rot, Red Diseases in fish & Shrimp.

Dosage : 1 - 2 Ltr per Acre

Presentation : 1 & 5 Ltr.

GROOW FISH™

COMPOSITION:

Probiotics, Enzymes, Amino Acids, Vitamins,

Minerals, Liver Stimulants Beta Glucans

Caretenoids etc....

Dosage : 5-10 kg per tonne of feed

BENEFITS :

Improves strength of the fish.

Provides optimum health and growth.

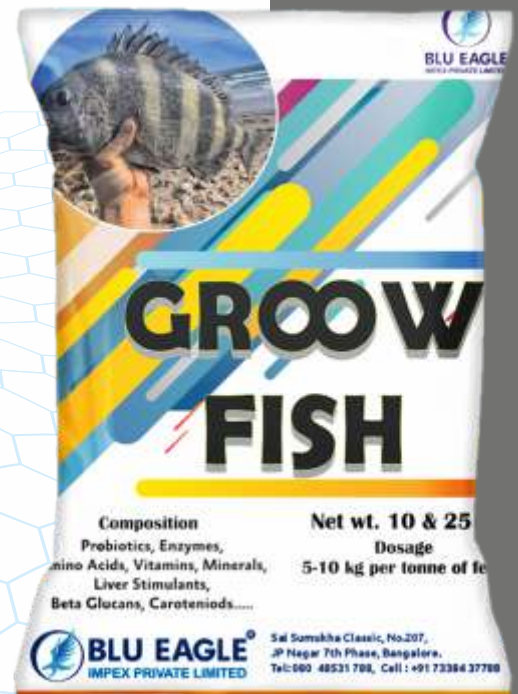

Builds up better body defense mechanism.

Increases feed intake and body weight

Best liver protestant.

Helps for better digestion & Increases Body Weight.

Presentation : 10 & 25 Kg
